

# Squareの情報取得

1. Squareのアカウントを開設してください
2. ログイン後の画面に従って振込先銀行口座の登録手続きを行ってください
3. 銀行口座の登録が完了したら、下記にアクセスしてください

<https://developer.squareup.com/jp/ja>

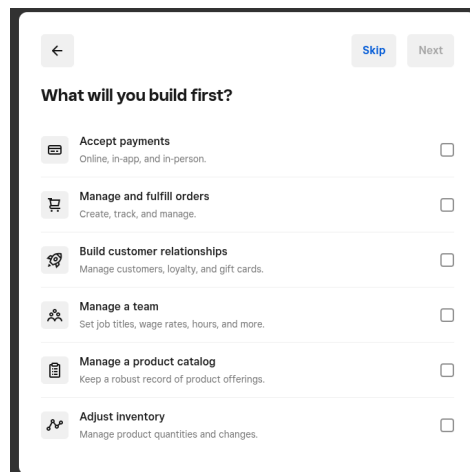

※Squareに登録したID、パスワードでログインできます

2. 下記の表示がでてきたら、FBPと入力して「Next」をクリックしてください。  
下記のフォームが出ない場合は「+」（アプリケーションを追加）ボタンをクリックすると出てきます。

A screenshot of a web form titled "Name your application". The form has a close button (X) in the top left and a "Next" button in the top right. Below the title is a text input field labeled "Application name".

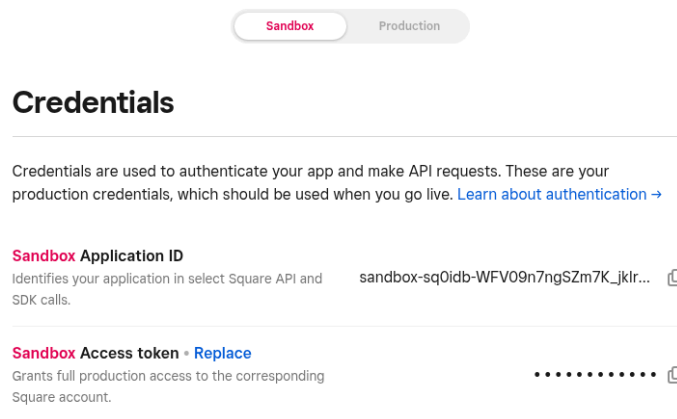

3. 「Skip」をクリックしてください（全てSkipでOKです）

A screenshot of a mobile application screen titled "What will you build first?". The screen has a back arrow in the top left, a "Skip" button in the top center, and a "Next" button in the top right. Below the title is a list of seven items, each with an icon, a title, a description, and a checkbox:

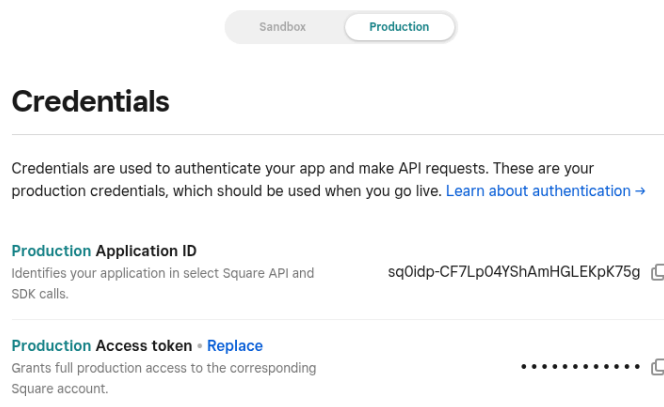

- Accept payments (Online, in-app, and in-person.)
- Manage and fulfill orders (Create, track, and manage.)
- Build customer relationships (Manage customers, loyalty, and gift cards.)
- Manage a team (Set job titles, wage rates, hours, and more.)
- Manage a product catalog (Keep a robust record of product offerings.)
- Adjust inventory (Manage product quantities and changes.)

4. 下記の画面で「Production」をクリックします（タイトルが緑に変わるのを確認してください。）

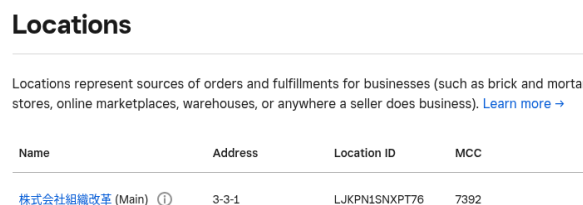

The screenshot shows the 'Credentials' section of a dashboard. At the top, there are two tabs: 'Sandbox' (highlighted in red) and 'Production' (highlighted in green). Below the tabs, the title 'Credentials' is displayed. A paragraph explains that credentials are used for authentication and API requests, and that the production credentials should be used when going live. There are two main entries: 'Sandbox Application ID' with a value 'sandbox-sq0idb-WFV09n7ngSZm7K\_jklr...' and 'Sandbox Access token' which is masked with dots and has a 'Replace' link. Both entries have a copy icon to their right.

5. Application ID、Access Tokenの「四角いアイコン」を押して、コピーしてください。（メモ帳などに貼り付けておきます）

The screenshot shows the 'Credentials' section of a dashboard. At the top, there are two tabs: 'Sandbox' and 'Production' (highlighted in green). Below the tabs, the title 'Credentials' is displayed. A paragraph explains that credentials are used for authentication and API requests, and that the production credentials should be used when going live. There are two main entries: 'Production Application ID' with a value 'sq0idp-CF7Lp04YShAmHGLEKpK75g' and 'Production Access token' which is masked with dots and has a 'Replace' link. Both entries have a copy icon to their right.

6. 左メニューの「Locations」をクリックしてLocation IDをコピーしてください。

The screenshot shows the 'Locations' section of a dashboard. The title 'Locations' is displayed. A paragraph explains that locations represent sources of orders and fulfillments for businesses. Below this is a table with four columns: Name, Address, Location ID, and MCC. One row is visible with the following data: Name: 株式会社組織改革 (Main) ①, Address: 3-3-1, Location ID: LJKPN1SNXPT76, MCC: 7392.

Name	Address	Location ID	MCC
株式会社組織改革 (Main) ①	3-3-1	LJKPN1SNXPT76	7392

7. 下記のテキストをお送り下さい。
